

A cross-sectional view of a multi-layered structure 100. The structure consists of a top layer 2, a middle layer 30, and a bottom layer 60. The top layer 2 is divided into three regions: 3b on the left, 20 in the center, and 3b on the right. The middle layer 30 is also divided into three regions: 33(4) on the left, 32 in the center, and 31 on the right. The bottom layer 60 is divided into three regions: 62 on the left, 61 in the center, and 62 on the right. The top layer 2 and middle layer 30 are shown as a single unit 100. The bottom layer 60 is shown as a separate unit 60. The top layer 2 and middle layer 30 are shown as a single unit 100. The bottom layer 60 is shown as a separate unit 60.
